Traffic Crashes Injure 15 Persons

August Schalkham Hit Directing Traffic on Route 270; Loses Leg

Injuries were suffered by 15 persons in eight of 30 traffic crashes occurring over the weekend in and near the Quad-Cities. Most seriously injured was a local state license investigator who lost a leg as a result of a mishap on Interstate 270 at Mitchell.

August Schalkham, 48, of 19 Fountainbleau drive, suffered an amputated leg and other injuries when he stepped back into the side of a moving tractor-trailer truck and was pinned between it and his parked auto on Interstate 270 at the Route 203 entrance ramp at 1:30 p.m. Thursday.

Schalkham, a driver's license inspector, was escorting the funeral procession of Mrs. Mary Taylor, 78, of 3439 N. 10th avenue, who was being taken to Sunset Hill Cemetery for burial. She was the mother of George Taylor, assistant chief of police.

According to witnesses, Schalkham left his auto with the red flasher operating to halt traffic on the highway to permit the procession to enter. A speeding white auto approached, causing him to step back.

Other Leg Injured
He was taken to St. Elizabeth Hospital where his right leg was removed below the knee. The other leg also was badly injured. He was reported to be in fair condition Friday in the intensive care unit of the hospital.

Immediately behind Schalkham's auto was that of Chief Ronald Veizer, a close friend of the victim. Veizer radioed immediately for assistance and used an emergency radio station with the hospital to alert authorities that Schalkham had a badly mangled leg and was bleeding severely. Chief Veizer used his belt to apply a tourniquet to Schalkham's leg.

A surgeon was summoned and blood supplies were prepared for the arrival of the ambulance. The truck, owned by the Imperial Metal & Chemical Co. of Cicero, was driven by Arthur (Continued on page 10, col. 6)

Gang Raids Rail Car For TVs; One Shot

RR Agent Surprises 5 Looting Shipment; Gun Battle Follows

One man was wounded seriously by a shotgun blast, another was arrested and three others escaped late Thursday night when an Illinois Terminal Railroad agent surprised the gang removing television sets from a freight car near Eagle Park Acres.

Wounded was Booker Lattin, 38, of 221 Hill street, Eagle Park Acres, who was struck in the abdomen and pelvis by pellets from one of more shotgun blasts fired by ITR Agent Eugene Moore after one of the gang had fired a pistol shot at Moore. The agent said he fired three shots from the shotgun he carried.

Police and sheriff's deputies summoned to the scene by Moore following the shooting arrested Willie Lattin, 24, a cousin of the wounded man, who was holding a weed patch in a field along the Terminal right-of-way which was strewn with dozens of empty television cartons from which the sets had been removed and hauled away, apparently before Moore came upon the scene.

Willie Lattin was held in the county jail on a charge of suspected theft over \$150, pending further action that may be taken by FBI agents. Theft from freight cars is a federal offense.

Freight Car Open
Authorities were uncertain as to how long the thieves had been operating before Moore received word that an opened freight car had been sighted on the Illinois Terminal tracks near the Venice highline and went to the scene to investigate.

According to Demos Nicholas, (Continued on page 2, col. 4)

Mounted Police Find TV Near Lake

Two Venice police officers on horseback who were searching the shoreline of Horseshoe Lake found a new portable television along the lake near Bend road Friday afternoon. The set was believed to be one of 74 portable TV sets stolen from an Illinois Terminal freight car in Eagle Park Acres by a gang of thieves late Thursday night.

Patrolmen Joseph Meehan and John Kittel found the set while searching the lake area in response to several rumors that a body had been seen in the lake by two fishermen last week.

Venice police have been searching for O. C. Ward of Venice, about 67, who has been missing since Nov. 30. Officers were used to reach lake areas not accessible by auto.

Charred remains of Ward's wallet and other personal effects were found by police last week in the ashes of a small fire in a weed patch along Line Alley. Venice police turned the TV set over to county authorities and are now investigating the railroad car theft.

Stevens in Bid For Clerk Post In City Election

Robert Stevens, Granite City controller for the past three years, entered the 1969 city election race today as a candidate for city clerk.

Stevens obtained nominating petitions on Friday from the office of City Clerk Homer Pendleton, whom Stevens will oppose in the April 1 municipal balloting.

County controller opposed Pendleton in an unsuccessful bid for the city clerk post in the 1965 city election. He was appointed city clerk in 1967 and was expected to succeed the late John Doher.

Petitions also were obtained Friday by year are Paul Walker, 3004 Buxton avenue, as a candidate for treasurer. Only other candidate for city clerk was William Dallas, seeking re-election to that office this far is incumbent City Treasurer E. R. "Pat" Rich.

Incumbents to Run
Incumbent aldermen who have obtained nominating petitions as candidates for re-election next year are Paul Rutledge, who is seeking election as alderman of Ward Two, and William Dallas, seeking re-election in Ward One.

Rutledge's entry into the Ward Two aldermanic race poses a contest in which Rutledge will oppose Edmund Bortoski, incumbent, who also has petitions. Rutledge was alderman of Ward Four until the council completed redistricting proceedings a month ago.

Rutledge, a close political associate of Mayor Donald Partey, had announced plans to run for mayor if Partey decided not to seek re-election, but the incumbent mayor announced several weeks ago he will seek re-election.

Two More Enter State Senator Election Race
David F. Mallett of Troy, operator of a Clevinsville agency, has filed nominating petitions as a candidate for state senator of the 53rd District in the Republican ballot subject to a March 11 primary election.

The filing period for the senatorial race will be vacated Jan. 8 when the resignation of State Sen. Paul Simon of Troy becomes effective, ends today at 5 p.m. in the office of Secretary of State Paul Powell at Springfield, Ill.

Simon was elected Illinois lieutenant-governor on Nov. 5. Meanwhile a history professor at SIU-SW campus, also was reported planning to file nominating petitions on the Democratic ticket. He is Patrick W. Riddleberger, 53, of Edwardsville, who has taught at the Alton and Southwestern SIU campuses since 1960.

Three Other Candidates
Three other Democratic candidates for the post filed petitions last week. They are Walter T. "Buck" Simmons of Venice, chairman of the Madison County Democratic Central Committee, Harry Briggs, supervisor of Nameok township, and Robert Ford, supervisor of Wood River township.

Vandals Start Fire
Blanche Young, 2020 Grand avenue, reported to police at 7 a.m. today that vandals gained entry into the house by breaking a window in the rear door between 7 and 8:30 p.m. Sunday and set fire to a newspaper which they placed in a kitchen pantry. The blaze did only minor damage to the pantry floor, she said.

5 Held in Venice As Suspects in Rail Car Theft

Five men, four of them from Granite City, were being held by Venice police for FBI agents today following their arrest last night near an opened GM&O freight car from which a large quantity of cases beer had been removed.

Police said the men apprehended at the scene by Venice officers and Grant Richey, GM&O agent, are Robert Steven Culbert, 20, of 2389 Spaulding avenue; Gary King, 21, of 4734 Lake drive; Thomas Alan Delaney, 20, of 2083 Washington avenue; Ronnie D. Hicks, 19, of 2200 East 20th street; and William D. Wright, 20, of 1109 Douglas street, Venice.

Venice authorities were called to the scene about 8:15 p.m. by Richey, who reported he had found an opened freight car along County Road between Broadway and the Merchants highway and a quantity of beer hidden in the weeds along the GM&O right of way.

Two cars arrive

Officers found no one around the freight car when they arrived, but said they remained on the roadway near the cached beer. About half an hour later, they reported, two cars pulled up and six men alighted. As they got out of the car, police surrounded the group.

One man broke away, however, and escaped on foot. Officers said today they expected the man's arrest soon.

Police said the beer that had been removed from the freight car—24 cases of canned beer and 21 cases of another case—was taken to headquarters as evidence. Also found were seven cases of motor oil with 24 cans to each case.

Authorities said no charges had been filed against the men this morning pending questions of the men by federal officers. Theft from an interstate freight shipment is a federal offense.

Called For Help

Using a walkie-talkie, Moore called for help. Squad cars were detailed into the area from Venice, Granite City and from state police headquarters as well as the sheriff's office. Approximately 20 police poured into the area within a matter of minutes.

Booker Lattin was found wounded near the opened freight car and a search of the surrounding area resulted in the capture of Willie Lattin, officers said.

Booker Lattin was taken by ambulance to St. Elizabeth Hospital for emergency treatment and later was transferred to Jewish Hospital in St. Louis.

Nicholas said that the gang removed 81 television sets, most of them portable models, from the freight car. Only seven were recovered. They were found in the weeds along the right-of-way. The stolen sets had an estimated value of \$10,000, it was reported.

The Thursday night thefts was the latest in a series of break-ins of freight cars on sidings in the Eagle Park area. All of them involved the theft of televisions, radios and records. At least two shootings involving Illinois Terminal agents have occurred in recent months as attempts were made to apprehend members of the theft rings.

Gang Raids

Investigator of the Madison county sheriff's office, a crewman on a train passing over the Venice highway saw a number of boxes in the field of weeds along the Illinois Terminal right-of-way and noticed the opened door of a freight car on the siding.

He notified Terminal authorities and Moore went to investigate. The agent said that as he approached the area he at first saw no one, but that after waiting a few minutes he saw a car, with headlights on, approach the area from Eagle Park Acres.

Five men alighted from the car, he told deputies, and went to the opened freight car where they began removing television sets.

Moore related that he then stood up, identified himself and told the men that they were under arrest. As he did so, one of the men fired a shot at him. Moore returned the fire with the three blasts from his shotgun and the men scattered.

Nameoki Twp. Seeking Data on New FHA Decree

Further information is being sought by Nameoki township officials concerning new loan regulations by the Veterans Administration and Federal Housing Authority requiring township health board approval of sanitary sewer systems for individual homes.

Supervisor Harry Briggs said during Friday night's town board meeting that two such requests have been approved because township health inspectors were familiar with the properties involved. "We do have to get more information before we can carry out the program in detail," he added.

The supervisor was authorized to obtain the data. Township Atty. Nick Vassileff advised the board that the township's suit against Granite City Papers, 1426 Washington avenue, who pulled away from the curb at 9:05 p.m. Friday at Niedringhaus avenue and Olive street. He added that a petition to annex the Miracle Manor area to the Long Lake fire district is to be filed next week and a public hearing is to be scheduled prior to a referendum.

The attorney said litigation is expected to be dropped in order to provide water service to 18 homes along Roney drive. The area is in an outlying section of the Pontoon Beach water district and borders on an area served by East St. Louis and Interurban Water Co.

Town board members again expressed concern over possible flooding in the Horseshoe Lake area with the added drainage lines and ditches now being constructed in Granite City.

The bride held a colonial bouquet of pink and white roses and white pom poms centered with a detachable corsage of pink cymbidium orchids.

Miss Linda Treadwell, as maid of honor, and Miss Patti Wardlow, the bride's sister, bridesmaid, wore identical princess gowns of rose pink peau de sole with high necks and elbow sleeves. A row of crystals and pearls outlined the necks and they wore matching pill box hats.

Both carried colonial bouquets of pink carnations combined with Happiness and Sweetheart roses and variegated ivy.

A Message to the Community:

The best offer of wages and benefits that GSI has ever made has thus far failed to prevent or end a serious strike at the Castings Division. As a long-time member of the Tri-Cities community we want to tell our neighbors about our position.

We were presented with a staggering list of demands—ranging from huge financial benefits to the kind of tires to be used on our wheelbarrows. We do not belittle any of these; rather, we considered every single request, recommendation and criticism. And we agreed to many of them.

We are offering a contract that provides very substantial wage increases. Every employee will receive an estimated direct additional annual increase of at least the following:

1st Year \$457.60; 2nd Year \$748.80; 3rd Year \$1040.00, a three-year total of \$2246.40 . . . plus many other new and increased benefits.

GSI respects hard bargaining, and this certainly is what we have faced. But everyone will now benefit by a resumption of work. It would profit no one and harm many if we made concessions so that our power to compete would be further diminished. We must not do that. Already our plant is losing business—and this means jobs for this community—to other manufacturers who pay lower wages and sell for lower prices. There is now another serious threat coming from foreign competition and we recently lost business when a Japanese foundry, for a lower price, provided a GSI customer with channel head castings in 23 weeks, where we require 40.

This is not crying "Wolf"! Because the wolf is in sight! Neither is it an excuse for our contract position. Our offer is fair and generous, and is in line with the best settlements recently reached with other steelworkers in our industry—both nationwide and in this community.

GSI's contract offer will benefit every employee every hour he works—very substantially. Furthermore, it actually provides benefits from cradle to grave, because it increases maternity benefits, raises wages, adds holiday and vacation benefits and carries on to and through retirement, and even beyond with survivor benefits.

GSI's Castings Division has been operating—and surviving—in a high labor cost area. One needs only look to the south of us at East St. Louis to see what has happened to many others who have not been able to work out their problems.

We want to return to work as a strong, sound employer. The sooner we do, the better for everyone in this community.

Let's get back on the job!

Soccer Season Ends, Give Awards Tonight

The YMCA Soccer Association held its last games of the fall season Saturday afternoon at the St. Elizabeth fields as the Collinsville State Bank team outlasted Mitchell AC No. One in two overtimes and a sudden death to win 2-1 on a penalty kick.

A game for second place in the First Year Adult Division ended the same way as Gary Phelps of La Grange Hair Fashion slammed in a penalty shot to defeat Mitchell AC 1-0 in the second period of overtime.

Tonight, trophies will be awarded to players on first-place teams and team trophies to second- and third-place teams.

The presentation will begin at 7 o'clock at the YMCA auditorium. A film of an England vs. the World soccer match will be shown, followed with a talk by Walter Glesler, former manager of the U.S. Olympic soccer team and past president of the U.S. Federation of Football Associations.

A Real Happening!

Tough Fighting Warriors Knock Off Kahoks 73-68

The Warriors did it—73-68.

It was a meeting of the masses of basketball, Virgil Fletcher and his Collinsville Kahoks, and the pupils, Don Deterding and his Granite City high school Fighting Warriors, Friday evening at the Memorial gymnasium; but the teacher didn't win this contest.

Coach Deterding and his Fighting Warriors beat the Southwestern Conference visitors for the first time in five years, and Deterding became the first former Collinsville player ever to defeat his former boss.

The Warriors outscored the Kahoks in the first half; matched baskets with them in the second half and found themselves the winners 73-68 and in temporary tie for first place in the conference.

The Warriors, now 3-0, have posted victories over Springfield-Griffin and Mater Dei in previous contests. The loss put Collinsville's record at 1-1. The Kahoks opened their season with a victory over Mater Dei.

Friday's period scores were 19-13, 38-30 and 55-46. Although Granite City's shooting was not up to this year's par, the Warriors still shot 52% from the field and made 51% from the charity.

Top-scoring Warrior, Gary Simpson, with an off-night, hit only 40% from the field but made 11 of 14 free throws to rack up 23 points.

However, Simpson had two other team members pick him up as Rich Hutchings played his finest game of the season. He was the leading rebounder with 22; had the most assists, with four, scored 20 points, getting nine field goals and two free throws.

Also credited with an exceptional game was Dave Melzer, who had a hot hand from the side of the basket, making 22 points. Rounding out the scoring were Jeff Boyles with three

points and John VanBuskirk, five.

Fans noted that Granite City and Collinsville played virtually the same defense. Coach Deterding follows his teacher's footsteps, but has inaugurated a different style of shooting.

While the Collinsville team worked the ball in for the close shots; Coach Deterding had his boys take the outside shots. "I have a lot of faith in the guards whether they are handling the ball or shooting," Deterding pointed out.

Granite City adjusted its defense the second half and almost found itself in trouble.

"We decided we were going to make them shoot more from the outside, but suddenly Dan Caselli got hot and sank four in a row from better than 28 feet away."

"He made his only close shot in the period on a steal when he laid it in. He really tried to put his team back in the ball game," Deterding remarked, adding, "You certainly have to

say this victory was an overall team effort. We beat them off the boards, getting 38 rebounds to their 25, and we beat them with their own defense."

Granite City has been searching for a rebounder, and Deterding now believes he has found him. "Hutchings works hard and dedicates all he has to the game. He has come a lot further than I expected for this time of the season."

The Warriors will next encounter the Belleville West Maroons Friday on the road and will travel to Edwardsville on Saturday evening to play the Tigers. Both are conference matches.

"This victory, as long as the boys realize that we have a lot of work yet to do, should give much needed confidence and make us feel a lot stronger," Deterding commented.

"I think that we can be tough in the conference if we continue to improve at the rate we are going now," it all depends on the boys.

Warrior Wrestlers Win at Bloomington

Granite City high school's wrestling team continued its undefeated Friday by trouncing Bloomington 38-8 on the losers' mat, gaining revenge for a loss last year.

Bob Pates won his fourth match without a loss in the 180-pound event by pinning his opponent in 3 minutes, 27 seconds.

Rick Smith finished in the fastest time with a pin in 46 seconds in the 154-pound event. Others pinning their opponents were Al Bridgeman in 3:57 in the 112-pound event and Mike Christopher in 1:24 in the 127-pound match.

Decisions were taken by Bob Miller, 103 pounds, 7-0; Steve Ferguson, 120, 13-4; Roger

Hayes, 133, 12-2; Tom Nisbur, 138, 9-1; Sam Nigholossian, 145, 7-4; and Frank Mehlich, 165, 7-4.

Heavyweight Jim Greenwald was pinned in 1:29 and 95-pound Bruce Miller lost 8-3.

Hayes injured himself in his match and is lost to the team, and 165-pound Tim Wallace has reinjured his knee.

The Warrior jayvees downed the young Bloomington matmen 49-3, losing only the 112-pound event as Mike Polley was outpointed 7-4.

Jeff Parker, 180, won on a pin in 34 seconds. Others winning by pins were Brad Cross, 85, 4-6; Tom Eadon, 127, 1-28; Randy Fowler, 138, 4-8; Russ Gray, 145, 1-28; Bruce Hawkins, 154, 3-15; and Bruce Evans, 165, 4-22. Heavyweight Mark Mizerski took a forfeit.

Winning decisions were Mike Garland, 103 pounds, 10-4; Keith Rogers, 120, 15-4; and Tom Yaeger, 133, 7-5.

The Warrior varsity will attempt to regain its championship of the Ritenour invitational tournament this weekend. Coach William Schmitt's squad finished third last year, the only time it failed to win the title.

The host team and McCluer are among the leading entries, along with the Warriors. Preliminaries will begin at 6:30 p.m. Friday, with semifinals at noon Saturday and finals at 7 p.m. Saturday.

Warrior Soccer Squad Divides 2 Road Games

Granite City's soccer team split two weekend games against top Missouri teams, losing Friday at Mercy 2-0 and winning Saturday at Principia by the same score.

With a record of three victories, a defeat and a tie, the Warriors will host Riverview Gardens tomorrow.

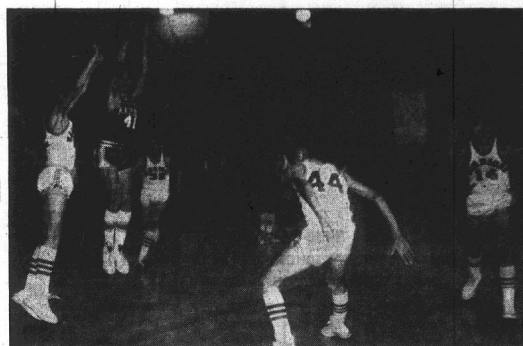

Displaying effective teamwork Saturday, GCHS broke the ice with five minutes gone in the first half as Mike McGovern placed the ball through the

goal. Herb Milton iced the game in the second half with the other goal.

Goalie Don Hodge, with several good saves, played his best defensive game of the season. His teammates, meanwhile, kept the ball hot and accurate in passing.

Others starting in Friday's game were Jerry Monahan, Gerald Galvin, Cecil Barnes, John Winfield, Rich Lesko, Rich Schardan, Harold Thick, Jim Rollins, Robert Cunningham, Bobby Canada, Jeff Jolly, Scott Wilson and Tony Kozol.

The Warriors were not at full strength in the Saturday contest as Winfield, Schardan and Galvin missed the game.

OUTJUMPING THE DEFENSE is Collinsville Kahok Mike Trevidis (41) as Warrior Rich Hutchings jumps to block the shot and Jeff Boyles (44) waits for the possible rebound. Granite City won the game 73-68.

Christmas Theme As Circle Meets

The love circle of Niedringhaus United Methodist Church met in the home of Mrs. Elsie Henley, 2540 Cleveland Blvd., Thursday evening and enjoyed a Christmas program.

Mrs. Mary Piper presented the lesson, "Christmas Around the World." A special guest, Miss Anne Young, entertained with selections of Christmas music including "Opus 94," "Musical," "Silent Night," "Cherubim," and "Bagatelle No. 1 and No. 2 from Opus 5." Bill Simpson presented a history of Christmas songs as he played the folk songs. He performed selections from various countries, including "Go Tell It on the Mountain" from the U. S., "Ballo Lammey" from 17th century Scotland, "Pum Pum Pum" from Spain, "What Child is This" from 16th century England and "We Wish You a Merry Christmas," also from England.

Mrs. Shirley Bushue led the business meeting. A report was given on a recent successful church bazaar.

Christmas music boxes and Yule decorations were used to complete the holiday atmosphere.

A dessert luncheon was served by the hostess to the boys and a guest, Mrs. Stanley Young, and circle members, Mesdames Dolores Allen, Elizabeth Birge, Norma Clever, Ruby Corbett, Virginia Helms, Corrine Hillson, Grace Padlock, Ruth Purkey and Jeanne Sims.

Mrs. Hinson invited the circle to her home, 1538 Cottage avenue, for the next meeting Jan. 2.

Nesbit and Druhe Wedding Saturday at St. Joseph's

Miss Carol Jean Druhe, a daughter of Mr. and Mrs. Lawrence Druhe, 2237 Lee avenue, was married Saturday at St. Joseph's Catholic Church to Patrick T. Nesbit, whose parents are Mr. and Mrs. Thomas Nesbit, 2807 Warren avenue.

Arrangements of white gladiolus and pom poms on the altar provided the setting for the 5-30 ceremony performed by Rev. Martin Mangan and George Radosevich.

The bride was given in marriage by her father. She wore a gown of ivory organza styled with a mini yoke of Venice lace and long sleeves. Tiny covered buttons down the back to the waistline held a detachable train. The bride wore a long over the long "A" line gown. A cluster of roses secured a tiered veil of illusion and the bride carried a nosegay of white roses, carnations and lilies of the valley centered with a white orchid.

Mrs. Ruth Ann Partney, sister of the bride, as matron of honor, was dressed in a long gown of green velvet with a black belt and elbow sleeves. The gown had a high rise sleeveless bodice of velvet.

The wedding reception was held at the American Legion Hall.

The former Miss Druhe is a student nurse at St. Joseph's Hospital in Alton. Mr. Nesbit is a cement finisher.

Proposed Bill Would Eliminate Con-Con Primary

A legislative measure that would eliminate the necessity of a primary in selection of delegates to an Illinois State Constitutional Convention has been introduced in the Illinois House by House Speaker Ralph T. Smith of Alton and Rep. Harold A. Katz of Glenview.

The measure provides that a person could seek election as a convention delegate if he files a nominating petition bearing at least 100 signatures of registered voters within his senatorial district. The names of all candidates filing proper petitions would go on the ballot without party designations and the two nominees of each district receiving the highest number of votes would be elected as delegates.

Delegates elected in such manner would convene in a constitutional convention in the chambers of the Illinois House of Representatives on a date to be set by the General Assembly. The bill proposed by Smith, a Republican, and Katz, a Democrat, has been listed as House Bill No. 1 for consideration by the Assembly when it convenes in Springfield Jan. 3.

The measure also provides that a revised constitution developed by the convention shall be subject to ratification in a referendum vote at a special election to be held not less than two and not more than six months after the convention adjourns.

Convention details such as dates of the convention of delegates, date of convening the convention and compensation for delegates will be added to the bill by amendment when it is considered by the two houses of the General Assembly.

Battery Hearing for Thweatt Set Dec. 19

Terry Thweatt of Chouteau Slough road, was charged with aggravated battery in the pistol-whipping and kicking of Bobby Wallace, 35, of 4037 Braden avenue, when he appeared Thursday with two attorneys at the Madison county sheriff's office at Edwardsville.

A preliminary hearing was set for 1:30 p.m. Dec. 19 by Magistrate Hiscott, who released Thweatt on his own recognizance.

The attack occurred last Tuesday morning at the Carpenters District hall, 901 West Chain of Rocks road, before 20 to 30 members, including Wallace, who was playing pinocle with three other men.

Wallace was struck twice on the head with a .38-caliber blue steel pistol, and after he fell to the floor, he was kicked in the back. He told sheriff's deputies that Thweatt threatened to kill him. The victim was treated at St. Elizabeth Hospital and was released.

Wallace is an older brother of Shelby Wallace, 31, who was acquitted by a jury of a murder charge in the fatal shooting of Thweatt's son, Terry Thweatt Jr., then 17, on Oct. 11, 1967, outside a tavern on Highway 111. Thweatt's attorneys are Lance Callis and William Brandt of Granite City.

State Police Trained To Make Alcohol Test

A total of 482 Illinois State Police officers have now been trained to test a driver's level of intoxication, according to State Police Supt. Albert S. Hinds.

Revocation of a driver's license is one of the mandatory penalties for persons convicted of driving while under the influence of alcohol.

Hinds said the legal level of intoxication was lowered by Illinois statute to 10% of alcohol in the bloodstream. The chemical test for alcohol in the blood is admissible as evidence in court.

"When 41% of the traffic fatalities were shown in a recent study to consist of persons who had been drinking, the legislature took notice," Hinds said. "Too many people do not realize that the legal limit can be reached in several drinks."

Two Captured in Police Chase as Theft Suspects

Charges of theft were filed Friday by Madison police against Johnnie Roy Chandler, 25, and Edward Lacy Foster, 40, both of St. Louis, who were apprehended at 3:23 a.m. in possession of tools and a power saw stolen a short time earlier from a parked auto.

Police said they were called by Eugene Staggs, proprietor of the Town Tavern, 1312 State street, who told them he had been sitting by the window and saw a car pull into the tavern parking lot near a parked pickup truck owned by Opille Powers, 1120 Grand avenue.

Two men got out of the car and one of them climbed into the rear of the pickup and handed several boxes out of the truck to his companion, who placed the articles in their car, Staggs told officers.

The men drove away before police arrived but a description of their auto was radioed to other squad cars. Venice police reported a few minutes later that they were trailing the car at Second and Broadway.

Venice police overtook the fleeing car at the toll gate of McKinley bridge and the two occupants were turned over to Madison police who said they found a metal box of tools and a power saw in their car. Police reported that Powers identified the articles as those that had been taken from his truck at the Town Tavern.

Police Chiefs Issue Warning to Shoppers

"Don't become an unwitting Santa Claus this Christmas season," warns the police chiefs of the Quad-Cities.

Holiday shoppers who leave their cars unlocked and packages on the back seat are providing a wrapped up Christmas present for thieves.

The chiefs point out that Christmas gifts on a seat of an unlocked auto present an open invitation to thieves to get two birds with the same stone — the car and the packages — and have an early Christmas.

Shoppers are urged to lock their cars, put the ignition key in their pocket and place packages in auto trunks.

School Proposals Approved, Need To Explore New Methods Remains

Residents of the Granite City community school district have voted to raise the education fund tax by 40 cents to meet higher salaries and costs, and to issue \$4,750,000 in bonds to build a junior high school, two grade schools and additions to the high school and Coolidge junior high. Mayor John H. Meier, who presided over the election in September 1971, said it was ratified, since this plan was the basis of the other recommendations.

The turnout of 4484, unfortunately, was low compared to the voting in general and municipal elections. But it did set a record for school bond elections here, just as the size of the tax boost was a record.

The two proposals voted in the Washington and Stalling precincts but won at the 13 other elementary schools. Margins of better than 2-1 were attained by the bonds at seven precincts and by the education tax at Marshall, Wilson and Parkview.

Semi-organized opposition failed, perhaps partly due to its resort to inaccurate data. However, it is clear that taxpayers are taking a close look at governmental spending. They will not approve programs automatically; the need must be substantiated.

The public support expressed Saturday may have been bolstered significantly by the school board decision to form an advisory group in January to develop ways to provide instruction more economically.

Camp Granite Symbol of Our Permanent Link to Vietnam

News of Camp Granite, Qui Nhon, Vietnam, brought back by returning servicemen even closer together.

A permanent link between the two distant points has been formed by the 25 new Quad-City war dead, 23 of them directly in Vietnam. Others have been wounded, and hundreds of local residents have served in Vietnam in the past four years, with many of them there now.

Camp Granite was so named because it is the common objective of the 29,829 General Support Group. Based at the Granite City Army Depot and including many Quad-Cityans in its ranks, the 593rd was transferred from here to Vietnam in November 1966. A Civil War cannon formerly displayed at the Depot here went to Vietnam with the Support Group and later was returned here.

Then the autumn rains came, we are glad this community is unlike Camp Granite in two respects—the frequent flooding, particularly during the monsoon season, and the enemy sniping and military

Railroad crossings repairs seem to be discussed by city government much more often than they actually occur. Apparently at least a few railroads consider some of their activities to be more important than keeping chock-block filled in the surfaces where autos cross train tracks.

A Venice mayor many years ago got action by having a city street department crew dig an excavation for a train to pass. We don't recommend such a step now, but it would appear that municipal officials will have to speak a little louder than they have been if they want to be heard.

Until then, motorists may need to slow down at railroad crossings not only for safety but also for the preservation of their autos.

End of the Road for YMCA Teen Town Dances?

It would be unfortunate if lack of attendance results in elimination of weekly YMCA Teen Town dances. They have been a tradition here for several decades, although the music and dance steps today bear little or no resemblance to those of past years.

A decision is to be made after a study of the extent of support of the Saturday dances held on Dec. 14, 21 and 28 and Jan. 4.

economic growth in all countries and to permit developing nations to earn foreign exchange by selling surplus commodities.

Public and private investment in marketing and processing systems to move food from the farm to the table.

Communication media, private as well as public, to provide information to producers and consumers.

To achieve at least a 4% annual rate of increased food production in the developing countries, both the amount of total investment and the effectiveness with which it is applied for overall economic development must be substantially increased.

Advanced nations should continue to provide food aid available to the hungry nations but in such a manner that agricultural development among the recipient nations is stimulated.

Future emphasis should focus upon improved nutrition through more protein and upon sound economic growth, and less upon total food tonnage and surplus crop disposal.

International trade and monetary policies should be modified to encourage balanced

USED CLOTHES NEEDED FOR VIETNAM CHILDREN

To the Editor:

(Excerpts from a letter by Arthur H. Sabo, stationed in Saigon, South Vietnam, to his brother, John Sabo, 2768 Madison Avenue, The latter's son, John, who is in the Far East and was wounded in Vietnam Nov. 25.)

I was very happy to receive your most welcome letter to day. Thanks a lot for writing. I'm sure you all do miss Johnny very much but this war is one of those necessary evils. We could say the heck with it and let the Commies have it, but they wouldn't be satisfied until they take all the little countries.

Now they would start on the bigger ones, and they wouldn't have much trouble then. The countries would give up easily, knowing America is the most powerful country on earth, would not give military aid.

I'm proud to be here the second time, for which I was asked by name to return. I don't have to come.

They sent me to Vietnamese language school to learn the language, customs and traditions.

I don't train Vietnamese rangers. I am a sergeant major of a Vietnamese ranger battalion. I live and eat with them. They are my protectors and I am theirs.

They rely on me for guidance, moral strength and support.

I have an odd type of job. When the Americans live in a force cornered and it is sure that we can destroy them, instead of killing them they send in a team of men. More practical politicians call their operation party splintering.

Now they are the same rule-or-run liberals, academic, journalistic and political, who let down the side most conspicuously.

It is ludicrous that the Democrat with the best liberal records of any one in public life is supposed to be the cause of liberalism further than anybody since Roosevelt.

One thing someone should be told for me would be to seek used clothes for the children, especially from the age of one to seven.

We have so many families over here, starving and running around naked. I live with these people, so I know how they live.

Almost any old clothes would do. Of course, it is not over here, so they could only use our surplus and summer clothes.

They could send them to my address, and I and my friends could distribute them through the churches and orphanages.

I ask nothing for myself, just these poor kids. If our children had to live the way they do, I don't know what we would do.

I enjoy writing to you and tell everyone "hello." God bless you all. Answer soon.

S.P.S. ARTHUR R. SABO, MACV (J3-49), Headquarters, P.O. Box 500, San Francisco, Calif. 94122.

SUSPICIOUS OF INTENT OF DEMOS DISSENTS

To the Editor:

Amnest those groups of "disident Democrats" which have been meeting in St. Louis, calling themselves "the new Democratic coalition."

In my opinion, their objectives are suspect, for they are the disgruntled disciples of the irreconcilable senator, Eugene McCarthy.

In Memoriam
In loving memory of ARCHIE
C. BEATY, December 11, 1967:
You cannot say, you must not
say
That he is dead. He is just
away!
With a cheery smile, and a
wave of the hand
He has wandered into an
unknown land
And left us dreaming how very
far
It needs must be, since he
lingers there
In the love of him faring on, as
dear
So I think of There as the love
of Here,
Think of him still as the same,
and say
He is not dead, he is just
away.
Sadly missed by—
MOM and DAD, WIFE,
CHILDREN and BROTHER
NICHOLAS VUKOVICH:
In loving memory, who departed
this life December 10, 1967.
They say time heals all sorrow
And helps us to forget
But time so far has only proved
How much we miss you
Gone and forgotten by some
you may be.
But dear to our memory you
ever will be.
Sadly missed by—
DAUGHTERS, SISTERS,
BROTHERS,
BROTHER-IN-LAW
KESSINGER FAMILY
AND FRIENDS 32-12-9
In loving memory of CHESTER
LAMBERT, December 8,
1963:
Not dead to us who loved him.
Not lost, but gone before;
He lives with us in memory
And will forever more.
Sadly missed by WIFE,
DAUGHTER and FAMILY 32-12-9

Trojans in Contention At Cahokia Until End

Experience beat the Madison
high school Trojan basketball
team Friday evening. The local
squad lost a road game to the
Cahokia Comanches 81-62 in a
prelude to opening conference
games against Dupu tomorrow
and Triad Friday, both at the
Madison gym.

Quarter scores were 19-14, 37-
31 and 56-45, and Cahokia did
not break the game open until
the very end.

Coach Bob Page said, "We
had to play catchup ball the
whole game, and their experi-
ence hurt us at every position.
The closest we came was with
three minutes remaining, when
we trailed 62-60. We called time
out and went over the pattern
we had to follow if we were go-
ing to win."

"They had a boy who hit 11
of 17 shots from better than 25
feet out and I told them how

to keep him under control and
at the same time watch the
pivot man close to the basket.
But they set up some screens,
hit their pivot man and pulled
us out of position. We got ex-
cited, fouled a couple of times,
lost the ball and before we
knew what had happened were
way behind."

"Even with a big lead, they
never quit shooting. With only
30 seconds remaining in the
game, they made three three-
point plays."

From a 66-62 lead, Cahokia
shot out MHS while adding 16
points in a row.

Scoring for the Trojans were
Oscar Hagler 13, Alanzo Watts
12, Eddie Hilton 11, John Ervin
seven, Tom Noel and William
Cannon six each, Dave Hutch-
inson five and Howard Harp-
er and Jim Scott, two each.
Mike Darnell of Cahokia tallied
29.
